**Experience the Museum Through
the Eyes of a Child**

*The Nassau TRACT Teacher Center invites you to a lecture and tour of the beautiful Nassau County Museum of Art. Walk the grounds and receive a guided tour of the museum with Patricia Lannes, the Co-Director of Education, as she discusses the value of taking your child to an art museum and the importance of visual literacy on your child's development as a learner. The museum offers programs that integrate the realms of art, literature, music and dance. The new installation for the fall centers on the great American artist **Norman Rockwell**.*

Ranked among the nation's most important suburban art museums, the Nassau County Museum of Art is situated on 145 acres in Roslyn Harbor. It occupies an elegant Georgian mansion that exemplifies the Gold Coast architecture of the late 19th century. The site includes formal gardens, an outdoor sculpture garden, rolling lawns and meadows, ponds and the Tee Ridder Miniatures Museum.

This conference is available as Professional Development; please check with your district for prior approval.
