**Ruth S. Harley Univ. Center**  
1 South Avenue  
Garden City, NY 11530  
Room 203

**Nassau TRACT Teacher Center  
& Adelphi University  
Present a Conference on**

**The Common Core Learning Standards**

**Friday, November 18, 2011**  
**8:30 AM – 3:00 PM**

The Board of Regents adopted the New York State Teaching Standards at its January 2011 meeting. These standards give teachers and schools the tools to define and measure excellence. The NYS Teaching Standards will have a significant impact on each stage of a teacher's preparation and career development.

This conference will provide participants with the tools necessary to adopt the standards into their lessons. We are fortunate to be able to bring presenters from America's Choice/Pearson to Adelphi University to conduct an introduction and then breakout sessions dealing with the Common Core Shifts in ELA/Literacy and Mathematics.

For over a decade, [America's Choice](#) – now part of the Pearson family – has provided schools with professional development and consultative services that have helped their leaders transform instruction in the classroom and raise students' achievement levels. In fact, senior America's Choice fellows Sally Hampton and Phil Daro not only led the development of the Common Core Standards, but also helped design Pearson's CCSS services, helping us tailor our professional development, district level consultative services, job-embedded coaching, learning teams for building capacity, and even whole school CCSS implementation services in order to meet your specific needs and interests as you align curriculum content and practices to the standards.
